

Wisconsin Birds Field Checklist

Mondeaux Flowage

Participant's Name:

Chequamegon Bird Club

Date: 05.15.2023

Birds with an asterisk (or any species not on the list) as well as those out of their normal seasonal range will need to be discussed.

If you are unable to attend and turn in this checklist at the monthly meeting, please mail it within 4 days to:

Connie Decker
411 North Third Street

 American Goldfinch
 Evening Grosbeak

Old World Sparrows:
 Eur. Tree Sparrow **
 House Sparrow

Field Checklist Committee:

**Ken Luepke
 Connie Decker**

Please use the space below for keeping notes, details, questions, etc.

I did some birding on my way to Mondeaux, and counted birds on Mondeaux Ave and Campers Rd - those birds are marked with a "G" - birds seen exclusively at Mondeaux and on the Aldo Leopold Trail are marked with a "C" - at the end of the walk a bunch of us observed an Empidonax species, and that is the question mark on the Least Flycatcher since there is not an "Empidonax species" to check off

great birding expedition!

Gayle
